

Version: 1.1 Revision Date: 04-01-2021

# SAFETY DATA SHEET

According to US Regulation 29 CFR 1910.1200 (HazCom 2012)

1. Identification

Product identifier: Potassium Ferricyanide

Other means of identification Product No.: 3104

# **Recommended restrictions**

**Recommended use:** For Laboratory, Research or Manufacturing Use. **Restrictions on use:** Not determined.

Details of the supplier of the safety data sheet

| Company Name:<br>Address:  | Avantor Performance Materials, LLC<br>100 Matsonford Rd, Suite 200<br>Radnor, PA 19087 |
|----------------------------|--|
| Telephone:                 | Customer Service: 855-282-6867   |
| Contact Person:<br>E-mail: | Product Information Compliance info@avantormaterials.com                               |

#### **Emergency telephone number:**

CHEMTREC: 1-800-424-9300 within US and Canada (24 hrs/day, 7 days/week)

| 2. Hazard(s) identification |                 |
|-----------------------------|-----------------|
| Hazard Classification       | Not classified  |
| Label Elements              |                 |
| Hazard Symbol:              | No symbol       |
| Signal Word:                | No signal word. |
| Hazard Statement:           | Not applicable  |
| Precautionary<br>Statements | Not applicable  |

Hazard(s) not otherwise classified (HNOC):

# 3. Composition/information on ingredients

None.

#### Substances

Version: 1.1 Revision Date: 04-01-2021

| Composition Comments:  | The components are not hazardous or are below required disclosure limits   | s.   |
|--|--|------|
| 4. First-aid measures  |  |      |
| General information:   | Get medical advice/attention if you feel unwell. Show this safety data shee to the doctor in attendance.   | эt   |
| Ingestion:   | Rinse mouth thoroughly. Call a POISON CENTER/doctor if you feel unwe   | ell. |
| Inhalation:  | Move to fresh air. Get medical attention if symptoms persist.  |      |
| Skin Contact:  | Wash skin thoroughly with soap and water. Get medical attention if irritatic persists after washing. Wash contaminated clothing before reuse.  | on   |
| Eye contact:   | Flush thoroughly with water. If irritation occurs, get medical assistance.   |      |
| Most important symptoms/effect   | s, acute and delayed   |      |
| Symptoms:  | May cause irritation to skin, eyes and respiratory tract.  |      |
| Hazards:   | None known.  |      |
| Indication of immediate medical  | attention and special treatment needed   |      |
| Treatment:   | Treat symptomatically. Symptoms may be delayed.  |      |
| 5. Fire-fighting measures  |  |      |
| General Fire Hazards:  | In case of fire and/or explosion do not breathe fumes.   |      |
| Suitable (and unsuitable) exting   | uishing media  |      |
| Suitable extinguishing media:  | Use fire-extinguishing media appropriate for surrounding materials.  |      |
| Unsuitable extinguishing media:  | None known.  |      |
| Specific hazards arising from the chemical:                                | During fire, gases hazardous to health may be formed.  |      |
| Special protective equipment ar  | d precautions for firefighters   |      |
| Special fire fighting procedures:  | Move containers from fire area if you can do so without risk. Use water spray to keep fire-exposed containers cool. Cool containers exposed to flames with water until well after the fire is out. |      |
| Special protective equipment for fire-fighters:                            | Firefighters must use standard protective equipment including flame retardant coat, helmet with face shield, gloves, rubber boots, and in enclosed spaces, SCBA.                                   |      |
| 6. Accidental release measure  | S  |      |
| Personal precautions,<br>protective equipment and<br>emergency procedures: | Keep unauthorized personnel away. Use personal protective equipment.<br>Ventilate closed spaces before entering them. See Section 8 of the SDS for<br>Personal Protective Equipment.               | or   |
| Methods and material for<br>containment and cleaning<br>up:                | Sweep up and place in a clearly labeled container for chemical waste.<br>Clean surface thoroughly to remove residual contamination.  |      |
| SDS_US - SDS000001032  |  | 2/9  |

| avantor   | Version: 1.1<br>Revision Date: 04-01-2021  |
|---|--|
|   |  |
| Notification Procedures:  | Prevent entry into waterways, sewer, basements or confined areas. Inform authorities if large amounts are involved.  |
| Environmental Precautions:  | Prevent further leakage or spillage if safe to do so. Avoid discharge into drains, water courses or onto the ground.   |
| 7. Handling and storage   |  |
| Precautions for safe handling:                                      | Use personal protective equipment as required. Avoid contact with eyes, skin, and clothing. Avoid inhalation of dust. Wash thoroughly after handling.  |
| Conditions for safe storage,<br>including any<br>incompatibilities: | Keep containers tightly closed. Store in cool, dry place. Store in a well-<br>ventilated place. Protect from light.  |
| 8. Exposure controls/personal                                       | protection   |
| Control Parameters<br>Occupational Exposure Limit                   |  |
|   | None of the components have assigned exposure limits.  |
| Appropriate Engineering<br>Controls                                 | No data available.   |
| Individual protection measures,                                     | such as personal protective equipment  |
| General information:  | Good general ventilation (typically 10 air changes per hour) should be used.<br>Ventilation rates should be matched to conditions. If applicable, use<br>process enclosures, local exhaust ventilation, or other engineering controls<br>to maintain airborne levels below recommended exposure limits. If<br>exposure limits have not been established, maintain airborne levels to an<br>acceptable level. |
| Eye/face protection:  | Use tight fitting goggles if dust is generated.  |
| Skin Protection<br>Hand Protection:                                 | Wear protective gloves.  |
| Other:  | Wear suitable protective clothing.   |
| <b>Respiratory Protection:</b>                                      | In case of inadequate ventilation use suitable respirator.   |
| Hygiene measures:   | Always observe good personal hygiene measures, such as washing after<br>handling the material and before eating, drinking, and/or smoking. Routinely<br>wash work clothing and protective equipment to remove contaminants.<br>Provide eyewash station and safety shower.  |

# 9. Physical and chemical properties

#### Appearance Physical state: Solid Crystalline Powder Form: Color: Red Odor: Odorless Odor threshold: pH: Melting point/freezing point: 300 °C

SDS\_US - SDS00001032

| Initial boiling point and boiling ra     | ange:   | No data available.                                 |
|--|---|--|
| Flash Point:                             |   | No data available.                                 |
| Evaporation rate:                        |   | No data available.                                 |
| Flammability (solid, gas):               |   | No data available.                                 |
| Upper/lower limit on flammability        | or explosive                                      | limits   |
| ۶) Flammability limit - upper            | %):   | No data available.                                 |
| Flammability limit - lower (%            | b):   | No data available.                                 |
| Explosive limit - upper (%):             |   | No data available.                                 |
| Explosive limit - lower (%):             |   | No data available.                                 |
| Vapor pressure:                          |   | No data available.                                 |
| Vapor density:                           |   | No data available.                                 |
| Density:                                 |   | 1.85 g/cm3 (17 °C)                                 |
| Relative density:                        |   | 1.85 (17 °C)                                       |
| Solubility(ies)                          |   |  |
| Solubility in water:                     |   | 464 g/l (20 °C)                                    |
| Solubility (other):                      |   | alcohol: Slightly soluble                          |
| Partition coefficient (n-octanol/water): |   | No data available.                                 |
| Auto-ignition temperature:               |   | No data available.                                 |
| Decomposition temperature:               |   | No data available.                                 |
| Viscosity:                               |   | No data available.                                 |
| Other information                        |   |  |
| Molecular weight:                        |   | 220.25  m m m m (1/(Fe(ON))))                      |
| Molecular weight.                        |   | 329.25 g/mol (K <sub>3</sub> Fe(CN) <sub>6</sub> ) |
| 10. Stability and reactivity             |   |  |
|  |   |  |
| Reactivity:                              | No dangerou                                       | s reaction known under conditions of normal use.   |
| Chemical Stability:                      | Material is stable under normal conditions.       |  |
| Possibility of hazardous reactions:      | Hazardous polymerization does not occur.          |  |
| Conditions to avoid:                     | Contact with incompatible materials. Heat. Light. |  |
| Incompatible Materials:                  | Ammonia. Ac                                       | cids.  |

Hazardous Decomposition Thermal decomposition may produce oxides of nitrogen. Cyanides. Products:

# 11. Toxicological information

# Information on likely routes of exposure

| Inhalation:   | May cause irritation to the respiratory system.        |
|---------------|--|
| Skin Contact: | Prolonged skin contact may cause temporary irritation. |
| Eye contact:  | May cause temporary eye irritation.                    |
| Ingestion:    | May cause irritation of the gastrointestinal tract.    |

# Information on toxicological effects

| Acute toxicity (list all possible routes of exposure)  |  |
|--|--|
| Oral<br>Product:   | LD 50 (Rat): > 5,110 mg/kg                                 |
| Dermal<br>Product:   | LD 50 (Rat) > 2,000 mg/kg                                  |
| Inhalation<br>Product:   | No data available.   |
| Repeated dose toxicity<br>Product:   | No data available.   |
| Skin Corrosion/Irritation<br>Product:  | Prolonged skin contact may cause temporary irritation.     |
| Serious Eye Damage/Eye Irritati<br>Product:  | on<br>May cause temporary eye irritation.                  |
| Respiratory or Skin Sensitizatio<br>Product:   | n<br>Not a skin nor a respiratory sensitizer.              |
| Carcinogenicity<br>Product:  | This substance has no evidence of carcinogenic properties. |
| IARC Monographs on the Evaluation of Carcinogenic Risks to Humans:<br>No carcinogenic components identified  |  |
| US. National Toxicology Program (NTP) Report on Carcinogens:<br>No carcinogenic components identified        |  |
| US. OSHA Specifically Regulated Substances (29 CFR 1910.1001-1050):<br>No carcinogenic components identified |  |
| Germ Cell Mutagenicity   |  |
| In vitro<br>Product:   | No mutagenic components identified                         |
| In vivo<br>Product:  | No mutagenic components identified                         |
| Reproductive toxicity<br>Product:  | No components toxic to reproduction                        |
| Specific Target Organ Toxicity - Single Exposure   Product: No data available.                               |  |
| Specific Target Organ Toxicity -<br>Product:   | Repeated Exposure<br>No data available.                    |
| Aspiration Hazard<br>Product:  | Not classified   |

Other effects:

None known.

| 12. Ecological information   |  |
|--|--|
| Ecotoxicity:   |  |
| Acute hazards to the aquatic   | environment:   |
| Fish<br>Product:   | No data available.   |
| Aquatic Invertebrates<br>Product:                                    | No data available.   |
| Chronic hazards to the aquati  | c environment:   |
| Fish<br>Product:   | No data available.   |
| Aquatic Invertebrates<br>Product:                                    | No data available.   |
| Toxicity to Aquatic Plants<br>Product:                               | No data available.   |
| Persistence and Degradability  |  |
| Biodegradation<br>Product:   | There are no data on the degradability of this product.  |
| BOD/COD Ratio<br>Product:  | No data available.   |
| Bioaccumulative potential<br>Bioconcentration Factor (B0<br>Product: | CF)<br>No data available on bioaccumulation.   |
| Partition Coefficient n-octanol / v<br>Product:                      | water (log Kow)<br>No data available.  |
| Mobility in soil:  | No data available.   |
| Other adverse effects:   | The product components are not classified as environmentally hazardous.<br>However, this does not exclude the possibility that large or frequent spills<br>can have a harmful or damaging effect on the environment. |
| 13. Disposal considerations  |  |
| Disposal instructions:   | Discharge, treatment, or disposal may be subject to national, state, or local laws.  |
| Contaminated Packaging:  | Since emptied containers retain product residue, follow label warnings even after container is emptied.  |
